The purpose of this guide is to describe the user (Learner / Essentials Provider / Advanced Provider / Instructor Candidate / Instructor / Instructor Mentor) interactions on the NRP Learning platform, to access the NRP 8th Edition courses/curricula.

Definitions

AAP

The American Academy of Pediatrics (AAP) is an American professional association of pediatricians. The Academy runs continuing medical education (CME) programs for pediatricians and sub-specialists.

AAP Admin

The AAP NRP representative who manages the users in the NRP Learning Platform.

Advanced Provider (AP)

Advanced Provider focus on the course that delivers the online components of the blended learning course, who may participate in neonatal resuscitation beyond positive pressure ventilation.

Course/Curriculum

A collection of learning components of the program, including the Online Learning Assessment (Adaptive eLearning) and the Exam (if Any).

These online components along with respective ILE will assess and verify the foundational knowledge of the Neonatal Resuscitation Program.

Debrief the Debrief

'Debrief the Debrief' is the structured strategy for improving debriefing skills carried out by Instructor with the help of Instructor Mentor, who facilitate the scenario and debriefing.

Essentials Provider (EP)

Essential focus on the course that delivers the online components of the blended learning course, which is appropriate for anyone involved in the care of a newborn and who may be called on to initiate resuscitation and provide positive-pressure ventilation.

Guest

A website visitor browsing the NRP Site (without active registrations) is deemed as a guest user. Existing registered users who have been deactivated can browse as guest visitor.

Instructor

Instructors focus on hands-on instruction, simulation, communication, and teamwork with their NRP Providers aspirants.

Instructor Application

Instructor Application is an online form that is required to be submitted by an active Advanced Provider being the initial process towards IC curriculum that could be approved/rejected/on hold by an AAP Admin evaluation process.

Instructor Candidate (IC)

Instructor Candidates are those physicians, registered nurses/nurse practitioners, respiratory care practitioners, or physician assistants with experience in the hospital care of newborns in the delivery room. An individual is deemed IC when they have completed an advanced provider curriculum and has their instructor application approved.

Instructor Mentor (IM)

Instructor Mentors focus on hands-on instruction, simulation, communication, and teamwork with their Instructor Candidates.

Instructor Toolkit / ITK

ITK contains the instructional resources and materials available in one location to help ICs, Instructors and IMs to prepare for the online instructor course learning activity and exam.

Instructor-Led Event / ILE / Event

Instructor-led Events is an offline component of a curriculum which must be registered in advance on the NRP Learning Platform. A registrant can expect to do hands-on skills stations, and team-based simulations with a manikin infant. Once successfully completed, a card will be made available to the learner identifying their rank.

Learner (not a rank)

A registered user has not enrolled or enrolled to any course or has ongoing learning activities on the NRP Learning platform. These courses can be self-enrolled or assigned to the learner.

Learner / Student

A user in the platform who is enrolled in the course / curriculum.

User

A guest, registered user, NRP LP Implementer, or AAP Admin on the NRP Learning Platform.

NRP Global Account / Individual

The NRP LP uses an auto-generated NRP Global ID, which is the global identifier used for NRP Global Account on the NRP Learning Platform. This allows the user to link their individual consumer account with all organizational profiles that is associated by using the NRP Global ID as a single point of entry. This enables the user to use a single set of credentials to login to their customer account or any of their linked organizational profiles. The NRP Global Account can be accessed via: www.nrplearningplatform.com

The benefits of NRP Global Account are as follows:

- Single sign-on for global & organizational profiles
- Access to NRP Catalog based on Global Account
- Self-enroll to NRP curriculums
- Initiate/Resume/Complete a course assigned within the NRP LP (even after org separation)
- View Learning History of self-enrolled & Organizational assignments through dedicated dashboards
- View the eCards achieved from all the profiles

Multiple widgets can be accessed using NRP Global ID to switch a role between Admin and Learner roles.

NOTE

The role-specific widgets are made available only for users having multiple roles in the NRP LP. Switching the role is possible at any point in time.

Multiple profiles can be accessed using NRP Global ID to switch a profile between individual and associated organizational accounts.

NOTE

The drop-down shows multiple profiles to switch only for the users associated with multiple profiles (individual or organizations) on the NRP LP. Switching the profile is possible at any point in time.

Courses/Curricula – 8th Edition NRP Courses

NOTE

- The 'Courses/Curricula' section describes the Instructor-led (traditional) format NRP courses, which are available in the NRP Catalog to enroll.
- Another option for 8th edition NRP is RQI® for NRP®, which is a quality improvement program for institutions (hence, not listed in the NRP Catalog). The program allows learners to complete NRP Essentials via a self-directed curriculum with quarterly activities to reinforce and master key NRP knowledge and NRP Essentials skills at a simulation station. However, RQI for NRP (Prep and Advanced Endorsement) ILEs is made available to be registered on the NRP Learning Platform.
- RQI for NRP is not required for 8th edition NRP training for those taking the Instructor-led course option.

NRP 8th edition introduces a new educational methodology tailored to meet better the needs of the many health care professionals who manage the newly born baby.

The NRP 8th Edition Curricula:

- **NRP 8th Edition Provider Curriculum (Essentials)** - Anyone who is involved in the care of a newborn should take NRP Essentials.
- **NRP 8th Edition Provider Curriculum (Advanced)** - It is appropriate for those who attend births and are responsible for anticipated resuscitation of a newborn with known risk factors, and for those who participate in neonatal resuscitation beyond positive-pressure ventilation.
- **NRP 8th Edition Instructor Candidate (IC) Curriculum** - This course content delivers the necessary curricula to become an NRP Instructor, which is available only to the Advanced Provider who must apply for an Instructor Application and get approved by an AAP Admin. This course must be enrolled and started within 30 days of the enrollment else the IA must be re-submitted.
- **NRP 8th Edition Instructor Renewal (IR) Curriculum** - This course content delivers the necessary curricula to maintain Instructor Status, which is available only for the Instructors and Instructor Mentors, who wish to maintain Instructor status prior expiration of Instructor eCard. If an instructor's status expires prior meeting Instructor status maintenance requirements, then the instructor eligibility requirements must be met followed by completing the Instructor course requirements to maintain Instructor status.

The eNRP 8th Edition Curriculum:

- **e-NRP 8th Edition: eLearning Course with eBook Access** - The Neonatal Resuscitation Program® (NRP®) course conveys an evidence-based approach to care of the newborn at birth and facilitates effective team-based care for healthcare professionals who care for newborns at the time of delivery. This e-NRP 8th Edition course delivers NRP 8th Edition content to providers who may participate in neonatal resuscitation but do not have access to hands-on skills training through an International Training Center. This course includes eBook access to the Textbook of Neonatal Resuscitation for two years following course activation. The e-NRP 8th Edition Course results in an eLearning Course Completion Certificate

NOTE ON ENRP CURRICULUM:

- The e-NRP 8th Edition course does not include a hands-on skills portion and does not result in an eCard.
- The e-NRP 8th Edition course is not available in the United States, Canada, and select other regions.

Part 1 Essentials / Advanced Provider Curriculum Activities

Part 1 focuses on building a foundation of Neonatal Resuscitation knowledge. The learning activities in Part I include:

- Self-study the *Textbook of Neonatal Resuscitation*, 8th Ed
- Online Learning Assessment (Adaptive Learning) – Featuring True Adaptive™ learning, a personalized method tailored to individual knowledge and confidence levels. True Adaptive learning adjusts to the learner's competence and performance in real-time
- Advanced Exam (35 questions; for Advanced Curriculum only) – There are unlimited attempts to complete the exam
- Part 1 Evaluation

Once all the Part 1 steps are completed, the user can access the NRP Provider Certificate in their account on the NRP Learning Platform.

Part 2 Essentials / Advanced Provider Curriculum Activities

Part 2 includes the Instructor-led Event (hands-on portion of the course). The user needs to attend an Instructor-led Event appropriate to the curriculum type (Essentials or Advanced; some events may include both).

The user must register for an NRP 8th edition Instructor-led Event before attending the event. The registration can be Self-register or registered by an instructor or administrator.

Activities include registering for an Instructor-led Event, which includes:

- Performance and Integrated Skills - The Performance Skills Station provides an opportunity to practice or review technical hands-on resuscitation skills with instructor assistance. The Integrated Skills Station allows the instructor to facilitate more than one scenario and evaluate the learner's readiness for simulation and debriefing.
- Simulation and Debriefing - Simulation and debriefing provide a safe setting in which to integrate cognitive and technical skills and focus on team communication and patient safety. The instructor will not coach, assist, or interrupt during a scenario.

Once the user completes all steps, the instructor will approve the user's skills and the eCard will be generated. Then, the user can access to the NRP Provider eCard in their account on the NRP Learning Platform.

Part 1 Instructor Candidate / Instructor Renewal Curriculum Activities

Part 1 focuses on assessing and verifying the foundational knowledge of the *Neonatal Resuscitation Program* curricula. The learning activities in Part I include:

ITK: Study information the Instructor Toolkit, which contains resources and materials to help the user prepare for the online instructor course learning activity and exam.

- Online Learning Assessment (Adaptive Learning) – Featuring True Adaptive™ learning, a personalized method tailored to individual knowledge and confidence levels. True Adaptive learning adjusts to the learner's competence and performance in real time.
- Advanced Exam (35 questions) – There are unlimited attempts to complete the exam
- Instructor Course – There are video course and knowledge-check questions to complete the course
- Instructor Exam (20 questions) – There are unlimited attempts to complete the exam
- Algorithm Activity – There is a NRP 8th Edition Algorithm to understand the sequence
- Part 1 Evaluation

Once all the Part 1 steps are completed, the user can access to the NRP Instructor/ NRP Instructor Mentor Certificate in their account on the NRP Learning Platform.

Part 2 Instructor Candidate / Instructor Renewal Curriculum Activities

Part 2 includes the Instructor-led Event (hands-on portion of the course). The user needs to co-teach with an Instructor Mentor:

- Co-teach three (3) ILEs with an IM for IC courses

- Teach / Co-tach at least two (2) ILEs for IR courses

Debrief the Debrief (optional): Complete the 'Debrief the Debrief' activity with an Instructor Mentor after any Instructor-Led Event. IM will use the 'Debrief the Debrief' Checklist to debrief the performance.

Once the user completes all steps, the instructor will approve the user's skills and the eCard will be generated. Then, the user can access the NRP Instructor eCard in an account and achieved Instructor status on the NRP Learning Platform.

Description

The Neonatal Resuscitation Program® (NRP®) course conveys an evidence-based approach to care of the newborn at birth and facilitates effective team-based care for healthcare professionals who care for newborns at the time of delivery. This course content delivers curricula for Advanced Providers who may participate in neonatal resuscitation beyond positive pressure ventilation.

Learning Objectives

Upon completion of this continuing medical education activity, participants should be able to:

- Describe the physiologic changes that occur when the fetus makes the transition to extrauterine life.
- State the steps to take when anticipating and preparing for the birth of a newborn.
- Describe the initial steps of newborn care, including indicators for care at the radiant warmer including oxygen management and indications for CPAP.
- State indicators for positive-pressure ventilation, signs that positive-pressure ventilation is inflating the lungs, ventilation corrective steps, and indicators for insertion of a laryngeal mask.
- State the indicators for insertion of an endotracheal tube and the steps for preparation, insertion, securing, and assisting with this procedure.
- State the indicators for initiating chest compressions, describe proper technique, and signs that indicate compressions may be discontinued.
- State the indicators for epinephrine and volume expander and describe the proper techniques for administration and evaluation of this intervention.
- State parameters for the use of post-resuscitation care.
- Describe the strategies specific to resuscitation and stabilization of the preterm newborn.
- Describe management of the newborn whose clinical status requires special consideration, such as airway complications and lung abnormalities, congenital anomalies, and complications due to maternal opiate or anesthesia exposure.
- Describe the ethical principles associated with newborn resuscitation, what to do when a baby dies, and how to support parents and staff through the grieving process.
- Recognize the principles of neonatal resuscitation.
- Identify the need for resuscitation and how to provide initial steps of resuscitation.
- Identify the knowledge and equipment essential to determine and provide positive pressure ventilation.
- State the knowledge and skills essential to provide chest compressions during neonatal resuscitation.
- Name the indications and skills needed to provide endotracheal intubation during neonatal resuscitation.
- Define the scope and practice of use of medications during neonatal resuscitation.
- Review special situations in neonatal resuscitation; Translate these skills & knowledge for use as needed outside the delivery room.
- Differentiate the indications and skills required in neonatal resuscitation for a preterm delivery.

Tasks to Complete

The 'Tasks to Complete' tile shows the courses/curricula that the user can start/resume the enrolled/assigned by Org Admin course/curriculum.

These options are available only once the user has been enrolled in a relative course based on the user's Rank (Essential Provider, Advanced Provider, Instructor, Instructor Mentor), and Status (Active/In-Active) or when the user has been assigned an assignment by Org Admin.

In case, the user has not purchased any course/curriculum, then the user is given course recommendation to enroll in the course/curriculum relevant to the user's Rank.

NOTE

- For the very first time, when the user logs on to the NRP Learning Platform, the user's name is displayed at the top right corner along with the label "Learner". This is not the Rank of the user; it is the identification of the logged-in user. Once the user completes the respective courses, the 'Learner' label is updated with the user's appropriate Rank & Status.

The screenshot shows the NRP Learning Platform dashboard. At the top, it says 'Home > Dashboard' and 'Welcome Home!' followed by a redacted name and 'NRP Global ID:' followed by a redacted ID. On the left is a sidebar with links: Dashboard, My Learnings, My Certificates & eCards, and License Management. The main content area is titled 'Tasks to Complete' and contains two cards: 'NRP 8th Edition Advanced(1-11) Provider Curriculum' with status 'In Progress' and a 'Resume' button, and 'NRP 8th Edition Essentials(1-4) Provider Curriculum' with status 'Not Started' and a 'Start' button. Below these is a section 'Link to your 7th Edition Learning History' with a 'Recover Now' button. Another section 'Congratulations' says the user is eligible to become an Instructor Candidate and has an 'Apply Now' button. At the bottom, there are three cards: 'Learning History' with a 'View Learning History' button, 'User Profile' with a 'View Profile' button, and 'Quick Links' with links to Browse Catalog, Account Settings, Order History, and Change your Password. A 'Resources' section at the bottom right has links to Quickstart Guide and User Manual.

- If the user's Rank is Advanced Provider or Advanced Endorsement, then a recommendation to apply for an Instructor Application is provided.
- If User's Rank is Instructor or Instructor Mentor and has created events with waiting list, then **View Event Listing** is shown in the Tasks to Complete.

ILE – Action on Waiting List

Waiting List ILEs are listed below the Part 2 for the course. The number of events a user can waitlist for depends on the course they are enrolled/assigned to.

Action on Waiting List:

The Action button (the three dots under the Actions column) opens a menu to perform actions on the waiting list, including:

- Withdraw from Waiting List – Allows the user to withdraw from a registered event.
- View Event Details – Allows the user to view additional details of a registered event.

Details About Waiting List:

- Waiting list functionality is enabled by the instructor during the creation of an ILE.
- When a registered user withdraw from the ILE before it starts, a waiting list user is used to accommodate in place of that user.
- While Joining a waiting list for an event it doesn't mean that one will get the registration for the ILE.
- Waiting list users are included in the event on a first-come, first-served basis.
- The status is displayed as "Waiting List (N)," where "N" represents the user's position in the waiting list.
- As soon as a user is added to an ILE, a notification is sent to the user, and their name is removed from the waiting list, depending on how many ILEs the user was in the waiting list for.
- A user can wait for up to three ILEs to register for a single ILE. It is possible to wait for three ILEs for EP, AP, and AE courses, where each course consists of one ILE event. However, for the IC curriculum, users can wait for up to nine different ILEs because they need to complete three ILE events for the course.

Instructor Toolkit (ITK) in the Dashboard

NOTE

- The Instructor Toolkit (ITK) is available only for Instructor Candidates, Instructors, and Instructor Mentors.
- Each time the ITK is accessed by the user, a new tab will be opened that contains ITK information. Upon logging out from the ITK web page, the user is logged out from both the ITK web page and the user's dashboard. To access the ITK web page, the user needs to log in to the NRP Learning Platform and click on the "Instructor Toolkit" link provided in the 'Quick Links' section.

The "Instructor Toolkit" web resource page contains all the information required to assist ICs, Instructors, and IMs in teaching the NRP instructor-led events.

The screenshot shows the NRP Instructor Toolkit dashboard. At the top, there is a green header bar with the NRP logo on the left, the text "Instructor Toolkit" in the center, and a user profile icon with the text "Add Users Instructor" on the right. Below the header is a navigation bar with several dropdown menus: Home, How NRP Works, NRP Learner Education, Resources, Instructor Development, Instructor Mentor, and NRP Learning Platform. Below the navigation bar is a search bar with the placeholder text "Search Here". The main content area features a large image of a newborn baby being examined by a healthcare professional. Overlaid on the left side of this image is a white box with the heading "Welcome to the NRP Instructor Toolkit!" and a paragraph of text: "Here you will find instructor information and numerous resources in a multimedia format. Use the navigation tabs across the top of the page to view different areas of the Toolkit. Each tab has a dropdown menu of its contents. You can find information about different areas of NRP in addition to some documents and videos."

TIP

Utilize the search bar to efficiently find content on the website.

WI: Accessing ITK from the Dashboard

NOTE

The Instructor Toolkit (ITK) is available only for Instructor Candidates, Instructors, and Instructor Mentors.

1. Login to the NRP Learning Platform.
2. Click the “Instructor Toolkit” tab.

The screenshot shows the NRP Learning Platform dashboard. The top navigation bar includes 'Home > Dashboard'. The main content area is titled 'Welcome Home!' followed by a redacted NRP Global ID. The left sidebar contains a list of tabs: 'Dashboard', 'My Learnings', 'My Certificates & eCards', 'License Management', and 'Instructor Toolkit', with the last one being the active tab. The main content area is divided into several sections: 'Tasks to Complete' (showing 'No Task Found'), 'Link to your 7th Edition Learning History' (with a 'Recover Now' button), 'Add New Event' (with an 'Add Now' button), 'Learning History' (with a 'View Learning History' button), 'User Profile' (with a 'View Profile' button), 'Quick Links' (listing 'Browse Catalog', 'Account Settings', 'Order History', 'Change your Password', and 'Instructor Toolkit'), and 'Resources' (listing 'Quickstart Guide' and 'User Manual').

NOTE

Alternatively, click the "Instructor Toolkit" link provided in the 'Quick Links' section

The user navigates to the “Instructor Toolkit” web resource page.

The information is structured by segregating in the Menu form as follows:

- Home
- How NRP Works
- NRP Learner Education
- Resources
- Instructor Development
- Instructor Mentor
- NRP Learning Platform

NOTE

The ITK information is further detailed in the sub-menus that are available upon clicking Menu dropdowns.

A green bar at the top of the page indicates that the course has been assigned to the number of users successfully.

NOTE

- The number of assigned licenses is more than the number of 'Transitional Licenses' then first Transitional Licenses are consumed and then rest of the standard licenses are consumed.
- The Revoked licenses are added back to Standard Licenses first and then to Transitional Licenses.
- In case of increase in Transitional Licenses, the consumed Standard Licenses are credited back, and Transitional Licenses are consumed based on a logic set for consumption of different courses.

Transitional License Allocation

The transitional license(s) once added would revert the consumed standard license(s) back into the standard license pool for later use, thereby reducing the transitional license count.

The transitional license(s) (Transitional License Provider - EP & AP; Transitional License Instructor - IC & IR) would be assigned to a product based on the highest consumption. However, if the product consumptions are equal the following precedence rule would apply :

- a. For Transitional License Provider, Essential Provider Curriculum would take precedence
- b. For Transitional License Instructor, Instructor Candidate Curriculum would take precedence.

Note: For CPS users, the allocation of Transitional License Provider would be of the order Essential Provider Curriculum - English, Essential Provider Curriculum - French, Advanced Provider Curriculum - English, and Advanced Provider Curriculum - French.

- Scheduled Date & Time – The specific date and time when the event is scheduled to take place.
- Organization – The name of the organization for which the event has been created.
- State – The name of the state where the event is scheduled.
- City – The name of the city where the event is scheduled.
- Waiting List Count - The number of users who have joined the waiting list for the event. For events without a waiting list, it holds the value 'N/A'.
- Status – The status of the event, which can be Active, Scheduled, Draft, Cancelled, or Completed.
- Action – An action button to perform actions on events.

The following indications are used to display the status of the events:

- Scheduled – An event status is displayed as ‘Scheduled’ once it has been published by the NRP LP Implementer/ Instructor / Instructor Mentor
- Draft – An event will be marked as ‘Draft’ state if the user has saved it without publishing
- Active – An event is marked as ‘Active’ when the ‘Scheduled’ event commences
- Completed – An event is marked as ‘Completed’ when the user completes grading of all the students
- Cancelled – An event is marked as ‘Cancelled’ when the user cancels it post scheduling

NOTE ON WAITING LIST IN THE EVENT:

- Waiting list is only allowed for events with self-registration enabled.
- An event registration changes to "Join Waitlist" only if the set maximum limit of user registration is reached.
- Once a user registers as a waiting list participant, the waiting list for the event cannot be turned off. However, prior to a user joining the waiting list, it can be disabled.
- Users on the waiting list can be added to the event only by adjusting the maximum and minimum capacities available for the event. Alternatively, if registered users in the Instructor-Led Event (ILE) are removed, the waiting list users will move to registered status.
- The movement of users from the waiting list to registration is based on a first-come, first-serve basis, and the order cannot be changed by anyone on the NRP Learning Platform.

- Email Address - The email address of the user.
- Curriculum - The name of the curriculum for which the ILE user is on the waiting list.
- Job Title - Job title of the user.
- Part1 Status - The status of part 1 of the curriculum.
- Waiting List Order - The number at which the user joined the waiting list. This number is considered when determining if a user can enter the event in case vacancies are created due to the withdrawal of other users from the event or changes in the maximum registration limit for the event.

NOTE ON WAITING LIST IN THE EVENT:

- Waiting list is only allowed for events with self-registration enabled.
- An event registration changes to "Join Waitlist" only if the set maximum limit of user registration is reached.
- Once a user registers as a waiting list participant, the waiting list for the event cannot be turned off. However, prior to a user joining the waiting list, it can be disabled.
- Users on the waiting list can be added to the event only by adjusting the maximum and minimum capacities available for the event. Alternatively, if registered users in the Instructor-Led Event (ILE) are removed, the waiting list users will move to registered status.
- The movement of users from the waiting list to registration is based on a first-come, first-serve basis, and the order cannot be changed by anyone on the NRP Learning Platform.

Instructor Eligibility Requirements

Clinician Type

NRP Instructors must be licensed physicians, registered nurses/nurse practitioners, respiratory care practitioners, or physician assistants. Please select your primary professional role:

☒ Physician Assistant

Affirmation

NRP instructor candidates are required to be licensed physicians, registered nurses/nurse practitioners, respiratory care practitioners, or physician assistants with experience in the hospital care of newborns in the delivery room. The instructor candidate must have current maternal-child educational or clinical responsibility within a hospital setting. It is recommended that an NRP instructor and instructor candidates have ongoing delivery room experience.

Please respond below by checking Yes or No. If your response is NO, please include your reason or explanation

☒ Yes

Read and Acknowledge

Once your application is approved, you will have 30 days to purchase the NRP Instructor Candidate course. If the NRP Instructor Candidate course is not purchased, you will need to re-submit an Instructor Application. To achieve instructor status, the following must be completed within 1 year from the date on which your application is approved:

1. View the online NRP Instructor Course
2. Successfully pass the NRP Instructor Online Exam and Cognitive Assessment Activity.
3. Co-teach three NRP Instructor-Led Events with an Instructor Mentor(s).
4. Complete the mentor evaluations.
5. Affirm a "debrief the debriefer" component in one of the three required NRP Instructor-Led Events.

Merge Accounts

The Merge Account feature enables the merging of two GIDs of learners. After the merger, users can utilize only one GID, and all information associated with the secondary GID is transferred to the primary account. Once the migration is complete, the secondary GID is deactivated.

POINTS TO BE CONSIDERED BEFORE MERGE:

1. The merge action performed will not be reverted even with a support ticket.
2. After you start the merge, it will take minimum of 2 business days for the changes to reflect in your merged account.
3. You will be notified once the merge action is completed.
4. Please logout your secondary account from all the devices before initiating the merge. After the merge request is submitted, the secondary account which was used to merge will be deactivated and you will not be able to login.
5. Any in progress courses in the secondary account of the B2B profiles will be revoked. Hence, complete your course before merging.

WI: Merging Global Account

WARNING

Merging is an irreversible process. Once a merger is done, it cannot be reversed.

CAUTION

The primary GID is the login GID, while the secondary GID is entered for validation.

NOTE

The merger takes two business days to complete. Meanwhile, the secondary GID gets deactivated immediately after the merger's initiation.

1. Login to the NRP Learning Platform.
2. Click the user icon.

3. Click the "My Account" option.

Terms & Conditions

These are the Terms of Use ("Terms") for the American Academy of Pediatrics ("AAP") which govern your access to and use of the websites, apps, and digital platforms provided by AAP (collectively the "Websites"). Please note your access to and use of the Websites is conditioned on your acceptance of and compliance with these Terms. By accessing or using the Websites you agree you are bound by these Terms.

PLEASE READ THESE TERMS OF USE CAREFULLY AS THEY CONTAIN IMPORTANT INFORMATION REGARDING YOUR LEGAL RIGHTS, OBLIGATIONS, AND AVAILABLE REMEDIES RESULTING FROM YOUR USE OF THE WEBSITES. THESE INCLUDE VARIOUS LIMITATIONS AND EXCLUSIONS, AS DESCRIBED BELOW.

Your Acceptance Of The Terms

Please be aware that these Terms constitute a binding legal agreement between you and the AAP outlining your legal rights, obligations, and remedies arising from your use of the Websites. You agree you are responsible for your use of the Websites and any consequences resulting from your use of the Websites. You may use the Websites only in compliance with these Terms and all applicable local, state, national, and international laws, rules and regulations. If you do not agree to these Terms, you may not use the Websites.

You may use the Websites only if you can form a binding contract with the AAP and are not a person barred from receiving services under the laws of the United States or other applicable jurisdictions. If you are accepting these Terms and using the Websites on behalf of a company, organization, government, or other legal entity, you represent and warrant that you are authorized to do so and that you agree, on behalf of the party that you represent, to this Agreement. If you reside in a jurisdiction that restricts the use of the Websites because of age, or restricts the ability to enter into agreements such as this one due to age, you must abide by such age limits and you must not use the Websites.

By accessing or using the Websites, you (the "User") represent and warrant that you have the right, authority, and capacity to enter into this Agreement, you will abide by these Terms, and that you have read, understand, and agree to be bound by these Terms, and by the terms of the AAP's Privacy Notice. In addition, your use of the Websites is governed by the terms of their respective Institutional License Agreements which are incorporated into your agreement with the AAP by this reference and which must be entered into with the AAP prior to using those Websites and their associated services. Examples of Institutional License Agreements are located <http://ebooks.aapublications.org/content/site-license> and <https://pediatriccare.solutions.aap.org/DocumentLibrary/Institutional%20License%20Agreement.pdf>.

These Terms apply to anyone who accesses or uses the Websites, whether or not you have registered for an account with the AAP or are a member of the AAP. By using the Websites you agree you accept the terms and conditions of the Terms and Privacy

NOTE

Follow the [Step 6](#) and [Step 7](#) if you disagree with Terms & Conditions on NRP Learning Platform.

6. Click the **Disagree** button.

Political Activities

The AAP is a Section 501(c)(3), not-for-profit corporation, and as such, does not participate in any political activities. You are prohibited from participating in political activities while using the Websites.

The following 2 clauses apply only to Pediatric Care Online™

Certain portions of the Websites may contain information or content provided by Mead Johnson & Company for use in connection with the Websites as a sponsor of the Websites ("Mead Johnson Content"). With the sole exception of Mead Johnson Content, Mead Johnson & Company is not the author of, nor responsible for, the content of the Websites. You agree that Mead Johnson & Company's liability and obligations are limited as a Provider in accordance with the terms of this Agreement.

Certain portions of the Websites may contain medical reference information or database content provided by Lexi-Comp, Inc. for use in connection with the Websites ("Lexi-Comp Content"). You agree that Lexi-Comp, Inc.'s liability and obligations are limited as a Provider in accordance with the terms of this Agreement. The Lexi-Comp Content is intended to serve the user as a rapidly accessible, concise initial reference resource and not as a complete reference resource. It does not include information concerning every therapeutic agent, laboratory or diagnostic test or procedure available. The Lexi-Comp Content is clinically oriented and is intended to be used only by Users who are: (1) researchers who will not use the information for medical diagnosis or treatment, and (2) physicians and other competent healthcare professionals who will rely on their own discretion and judgment in medical diagnosis and treatment. Neither the AAP nor its Providers directly or indirectly practice medicine or dispense medical services and, as such, assume no liability for data contained in the Lexi-Comp Content. You assume full responsibility for the appropriate use of medical information contained in the Lexi-Comp Content, and you agree to hold the AAP and its Providers harmless from any and all claims or actions arising from your use of the Lexi-Comp Content.

Changes To Our Terms

The AAP may modify these Terms of Use from time to time. The most current version of these Terms will govern your use of the Websites and will be located at <https://www.aap.org/en-us/Pages/Terms-of-Use.aspx>. We will notify you of material changes to these Terms by posting a notice at the Websites. By continuing to access or use the Websites after those changes become effective, you agree to be bound by the revised Terms of Use.
